

BOXPAD

INSTANT SUITE

The BoxPad makes possible to book private spaces, in a punctual and personalised way

Synchronized to Instant Booking and Instant Flex, the BoxPad offers a **scalable and personalised organisation** for your offices. Real-time booking is now available for usually non-bookable spaces.

Do you want to work alone or in a small groups ? You can now identify boxes and confidential spaces for your calls or annual meetings. Scan your badge and the BoxPad will recognise you. You can report an issue thanks to its touch screen. **Synchronized with Instant Signage**, it will **display some relevant informations** as the desk cleaning before leaving.

Higher flexibility for
time and space savings

Custom function for
reserved spaces

Coloured LEDs indicate if
the room is free

Report an issue in a
booked resource

MAKE AVAILABLE A SPACE USUALLY NOT RESERVED

- **Assure that desk is provisionally available:** green LED indicates a free desk, so available! If the colored LED is red, the desk is occupied.
- **Switch a desk office as a temporary meeting room:** the BoxPad allows immediate booking of this space.
- Extend the meeting, take a break or free sooner the desk office: the BoxPad touch screen allows you **to manage space occupancy**.

CONFIRMATION AND AUTHENTICATION

- Scan your corporate badge in front of the BoxPad screen: the NFC/MyFare reader (HID optional) **identifies you on an ad-hoc basis**.
- Associate to its infrared and thermal presence sensor, the BoxPad, on an anonymous mode, becomes a **versatile flex office tool**.

LIMITED RESERVATION

- You need a meeting with a small group: the BoxPad makes it possible to book **private boxes**.
- Notify your needs or claims: **the BoxPad touch screen sends the information back**.
